An update from Fred....

Dear Guests and Friends,

Our team at Carimar Beach Club is very excited about our furniture and property upgrades presently taking place and we eagerly await your full enjoyment of our efforts. The weather has been kind to us thus far, but we continue to press on positively with daily checks of the Weather Channel and crossed fingers that we remain storm free another year. Your "home away from home" awaits your return, upgraded physically but with the traditional tried and tested Carimar service excellence included as standard, we look forward to your return.

Sincerely,

Alfred Thompson
General Manager

Updated specials at the end of this newsletter or on our website...
Low season rates through Nov 15!
Dining packages available this Nov, Dec and Jan!!

New furnishings at Carimar

Carimar is excited to share our new look with visitors this winter! On your next trip down, you will enjoy new living room and dining room furnishings, comfortable patio furniture and new bedding.

The refurbishment committee has worked very hard to freshen up our accommodations. The new furniture will complement the kitchen upgrade that was completed in 2011.

The staff is busy during our annual closing in September and October with routine maintenance, repairs and the installation of 24 units worth of furniture. Thanks in advance to the staff for all their hard work!

We will post new photos in upcoming issues of this newsletter. We hope you will love our new look. It is fresh, casual and tropical--just the way our guests like it!

CARIMAR BEACH CLUB

*if you like the beach,
you'll love Carimar* 

If you had a great visit to Carimar, please consider posting your review at:

www.tripadvisor.com

We appreciate your wonderful comments!

ALONG MEADS BAY

A member of guest Karen Robichaud's party was able to snap these photos and share them with us. Thank you!

* In March, a friendly Manta Ray spent several weeks swimming up and down the beach. He was docile and came in quite close to shore allowing guests to swim with him and take photos.

Carimar frequent visitors receive "Special Mentions" in contest!!

Anguilla-Beaches.com

The **Picture Anguilla!** photo contest earlier this summer asked you to share your favorite Anguilla photos that best captured special memories. The prize was a \$3,000 value trip to Anguilla, including a six night stay at Carimar Beach Club on Meads Bay, connecting airfare from St. Maarten, and six five-star dinners.

We've selected two amazing photos to share that were taken in front of Carimar...ENJOY!

Footsteps by Tess Martin

Meads Bay Beach in Anguilla is most definitely Paradise on Earth! The crystal clear, turquoise water and sugary sand... the gorgeous rainbow skies, clouds, and sunsets... the crisp breezes through the palm trees... the cooling shadows on the sand.

These all add up to the most beautiful beach on earth on the most glorious island in the world - Anguilla! We love walking the beach and looking for unusual colors, shapes, shadows, and compositions... then snapping the photos to capture the moment so that we can always remember our times on Meads Bay Beach.

Captured Sunset

by George Riegel

This photo is of my son, Teddy, "capturing" the sunset on Meads Bay Beach. Great night--thought it was a cool photo.

Newsletter submissions wanted! Did you have a great trip?

Please send photos, articles or suggestions/ideas of what you'd like to see in our future issues.
